

## COVID UPDATE July - August 2020

### From The Nugget RV Park and Camping Resort

Due to rising cases of Covid across the US we have implemented the following precautions to do our part to reduce the risks for our guests as well as our staff.

**These policies will be in place until further notice.**

10 persons or less in the Pool at one time, adults can be sitting around the pool watching of course but we are asking that you social distance from other guests not in your party. Pool hours are from Noon to Nine every day. Adult only swim is from 7-8 pm. We are also asking that you use the pool for one hour of swim time then take a break so everyone can use the pool who wants to.

**Restrooms and Showers are open for use however we are asking that all rigs that are self contained and in a full hook up site to please use the bathrooms and showers in your own rigs. Cabin and Tent sites can use them but we are asking that you social distance while using them. Showers are closing early to allow for an evening cleaning so there is no showers available after 7 pm. They open at 8 am. They are cleaned and closed for cleaning again at 11:00 am till Noon.**

*NOTE: We have made special provisions for extra cleaning times during our Runamuck Vintage Rally which is in Sept. this year so everyone who needs them is accommodated.*

We are asking that only two guests come into the Park Store at one time. That they stand 6 ft. from the counter and touch as little as possible. We are cleaning frequently the commonly touched areas such as the doors and counters and we have a clean cup of pens.

We are cleaning all hook ups each time a site is vacated. Including but not limited to the water connections, electrical boxes, and sewer caps.

As you can imagine this type of cleaning takes us more than the usual turn times for sites and bathrooms. We appreciate you sticking to the check in time of 1:00 pm mountain and the check out time of 11:00 am mountain time. So we can do a thorough job. Also we understand that everyone is sick of this pandemic and the rules that it has imposed on us, but we are a business that sees thousands of people from all over every year. Your cooperation with these things helps keep everyone safe.

The Good News is there is nothing better to do than camp! We have large sites and 160 plus acres to roam and play on. Once you are here other than a few simple things you will forget all about Covid and just have fun!

*Thank you for your support during these trying times.*
